Sample Pictures for Additional Documents (Graduation Certificate)

- * When obtaining government verification for certificates of graduation, applicants must have the copies authenticated, not the original documents.
- * All documents must be in Korean or English. If not, applicants must submit notarised translations in either Korean or English.
- * Pakistani applicants must submit their certificates of graduation and transcripts with an Apostille on the copies, not the original documents. If Pakistani applicants have already obtained Korean Government Verification or an Apostille on the original documents, they are required to make a copy of the verified document and have the copy verified again.

10. Visa Application

- Once the offer acceptance is submitted and payment is made, the Certificate of Admission (CoA) and other required documents for the visa application will be issued and sent to successful applicants via express courier services such as DHL or EMS. (Documents will be sent to the applicants' registered addresses.)
- Successful applicants must visit the Korean Embassy or Consulate General to apply for a D-2 visa. Please check the required documents for the visa application in advance, as these may vary depending on the region and the applicant's nationality.
- Decisions regarding visa approval or rejection fall under the jurisdiction of the Korean Embassy or Consulate General, and an admission offer from the university does not guarantee the issuance of a visa. If the visa is rejected, or the applicant fails to apply for the visa by Tuesday, 16th February 2027, the admission offer will be cancelled accordingly.

- Successful applicants holding valid Korean visas must change their visa status to a student (D-2) visa at the Ulsan Immigration Office by Tuesday, 16th February 2027. Again, the admission offer does not guarantee that the visa status change will be approved, as visa matters are solely decided by the Immigration Offices. The admission will be cancelled if the request for a visa status change is rejected by the Ulsan or Seoul Immigration Office.
- Please note that if an applicant residing in Korea fails to apply for the visa status change by Sunday, 28th February 2027, a fine of KRW 1,000,000 (approximately USD 755) will be imposed. Even if the applicant applies through the on-campus Visa Service Center, the fine will still be imposed if the document is not submitted to the Immigration Office, so all applicants must be aware of this penalty.

5. IMPORTANT NOTICES ON DOCUMENTS SUBMISSION

- 1) Incomplete or incorrect documents, forgeries, translation errors, proxy testing, and similar issues may result in the cancellation or failure of the admission process. If such errors are discovered after admission, both the admission and visa will be canceled.
 - 2) All submitted documents are non-returnable unless otherwise explicitly stated or agreed upon.
 - 3) Verification or notarisation of graduate certificates and transcripts must be conducted on copies rather than on the original documents.
 - 4) All documents to be submitted, including verification or notarisation results, must be original. (Obtain verification/notarisation on the copies, and then submit the verified documents.)
 - 5) All documents must be in Korean or English. If not, applicants must provide notarised translations in either Korean or English.
 - 6) Documents with government verification and notarisation are only valid if issued within six months of the offer acceptance deadline.
 - 7) Financial statements must be issued within one month of the offer acceptance deadline.
 - 8) Any matters not covered in the admission guidelines will be processed in accordance with the University of Ulsan's admission policies and academic regulations. For further information, please contact the admissions office of the University of Ulsan.
- ※ The original admission guidelines are written in Korean and translated into English. In the event of any inconsistency or conflict between the Korean and English versions, the Korean version will take precedence.
